

## FIDIC INTERNATIONAL TRAINING PROGRAMME

### FIDIC Contract Module 1: Practical Use of the FIDIC Contracts

Programme: two-day seminar or training course (also available as a one-day course or seminar)

This practical training course or seminar, provided by professional engineers with extensive international experience, explains and illustrates the use of the FIDIC Conditions of Contract for Construction (the “Construction Contract”) and the FIDIC Conditions of Contract for Plant and Design-Build (the “Design-Build Contract”). The course is designed to help the participants have confidence in working with these documents whether representing employers, consultants or contractors. Case studies are included.
