Who should attend:

**Delegates to this course should have a basic knowledge of the 1999 FIDIC Contract Conditions and wish to develop practical skills.**

This course is aimed at providing systematic and practical guidance to anyone engaged in major projects. It will appeal to representatives of contractors, employers, developers, project

sponsors and funders, insurers, consulting engineers and architects, project managers and lawyers.

Terms and Conditions:

 [Cancellation policy FIDIC.doc](#)

Brochure:

Trainer:

[Adriana](#) Spassova

FIDIC Accredited Trainer and Dispute Adjudicator

Materials:

- Hand-out of the slides, each slide containing 1 practical issue as a question or case to be answered / analyzed during the training and space for taking notes
- The FIDIC 2006 MBD edition in Russian
- More than 100 model letters and other forms in Russian, usually used by Contractors, Employers and Engineers under a FIDIC Red or Yellow Book Contract

**The 2-day training includes:**

Discussion of 88 issues arising in the following scenario:

The *Ministry of Optimism* in a pessimistic Eastern European country decides to use a MDB credit line from the “*Life Improvement*” Programme to finance the “*Happiness*” Wellness & Spa Hotel\*\*\*\*\* on the seaside. In order to improve the site and create more attractions, the future Employer has to launch tenders for design and construction of two additional projects: “*Coast Protection*” and “*36 km Attraction Railway*”, connecting the hotel to the existing cities and resorts on the coast.

Different issues arise under the scenario, inspired from real cases in the region, related to the main Clauses of the FIDIC 1999 Red Book «*Conditions of Contract for Construction*», the *MDB Harmonised Edition* 2006 and the 1999 Yellow Book «*Conditions of Contract for Plant and Design-Build*».

The goal of the course is not only to analyse the issues and solve the problems, but to train the participants to interpret the contract provisions and follow the FIDIC procedures.

Besides the discussion of the issues, the participants shall be trained in:

- ✓ Writing letters and notices – the materials contain samples, related to the most important communications;
- ✓ Writing reports and records;
- ✓ Preparation and tracking of the Programme per Clause 8.3.

Be among the first to receive the 2017 Edition of the Red and Yellow Books!

And more: the participants in the training shall be invited to a special DRBF (Dispute Resolution Board Foundation) event on 25<sup>th</sup> April – several hours for networking!

**FIDIC Accredited Trainer: Adriana Spassova**

MSc Civil Engineering  
MSc Construction Law & Dispute Resolution King's College London  
Partner EQE Control OOD, ABS Group

FIDIC Accredited Adjudicator and Module 1 Trainer  
Member of BACEA Control Board, member of FIDIC and EFCA
