<p>Professional experience</p> <p>David has more than 25 years of experience in international dispute resolution across five continents. Based in Paris for most of those years, as a representative of a London law firm specialised in construction, he joined the Paris office of Clyde & Co in February 2010. His experience covers the fields of energy, infrastructures and services, and more recently, the nuclear industry.</p> <p>His experience in dispute resolution namely includes international arbitration (particularly ICC arbitrations), in which he acted as both counsel and arbitrator in construction matters as well as in many commercial matters. He is also actively involved in expertise and dispute board proceedings, including arbitration proceedings to enforce dispute board decisions.</p> <p>He speaks regularly at conferences on the resolution of international construction disputes, in Europe and further afield, and has published a number of arbitration-related articles, the latest of which (in a 2014 issue of the Journal of International Arbitration) is entitled: 'What steps should arbitrators take to limit the costs of arbitration?'</p> <p>David is listed in Who's Who Legal as one of the most prominent lawyers in the construction field and is recommended by "European legal Expert" for dispute resolution. He is also listed in the "PLC Cross-Border Construction and Projects Handbook" as a "renowned practitioner" in complex international cases.</p> <p>He is on the French list of FIDIC adjudicators for international project disputes, and has recently qualified for the FIDIC President's list of Approved Dispute Adjudicators</p>		
Dispute resolution experience		

CURRICULUM VITAE OF DAVID BROWN, CLYDE & CO, PARIS

- **Arbitrator**

David has sat as ICC arbitrator on a number of cases covering a range of commercial and construction issues, including disputes relating to a Sri Lankan waste water plant, and a sales contract between US and Egyptian parties. He also has experience as an 'ad hoc' sole arbitrator and under the rules of other arbitration centres (Vilnius)

- **Dispute Board and Related Experience**

David has handled a substantial number of dispute board proceedings as counsel, relating in particular to a nuclear power plant project in Lithuania and a range of civil works and electro-mechanical projects in Romania. This experience has extended to enforcement of dispute board decisions via arbitration proceedings. David has also acted in an expert capacity to provide non-binding recommendations for the settlement of disputes in relation to the construction of a substantial oil and gas facility in Africa.

- **Arbitration Counsel**

David has extensive experience in international arbitration and has managed or been involved in more than 40 ICC and other arbitrations. David's experience includes proceedings relating to the following:

- The construction of a mosque in a North African state
- Oil exploration dispute between an Asian and South American parties
- Distribution dispute between a US client and Qatari distributor
- IT software distribution disputes in Saudi Arabia
- Several wastewater treatment projects in Romania
- Sudanese mobile phone network investments
- Electricity pricing issues relating to an IPP in the Czech Republic
- An LNG treatment plant in Yemen
- The sale of a private jet
- Liability for a major airline crash
- An electricity distribution network in Ethiopia
- Road construction projects in Romania
- Agency issues arising out of a pipeline project in Tasmania
- Motor vehicle distribution in the Ivory Coast
- The sale of a hydro-electric project in India
- Multiple disputes concerning the construction of a hydro-electric plant in Egypt
