WHO SHOULD ATTEND

The course will benefit all built environment practitioners (engineers, quantity surveyors, lawyers, project managers, etc.) Funding agents, such as Development Banks will also benefit enormously from the workshop.

COURSE OVERVIEW

The 1999 FIDIC Conditions of Contract are being increasingly used by the international Construction Industry throughout the World. The Multi-Lateral Development Banks, including the World Bank, Islamic Bank for Development and the Asian Development Bank have adopted the 1999 FIDIC Conditions of Contract for Construction with modifications.

The purpose of the course is to ensure that FIDIC contracts are managed and administered correctly by understanding the full contract cycle from contract award, conditions of contract, start-up, the pre-commencement meetings, performance security, daily diaries, the programme, financial control, ongoing supervision, taking-over the works, suspension and termination and dispute resolution.

This practical training course, explains and illustrates the use of the FIDIC Conditions of Contract for Construction and the FIDIC Conditions of Contract for Plant and Design-Build. The course is designed to help participants have confidence in working with the FIDIC Red and Yellow Contract Documents whether representing Employers, Consultants or Contractors.

Kevin is a registered Professional Engineer, Mediator, Adjudicator and Arbitrator with over 40 years' experience in the Construction Industry. His experience spans across Freeway Construction, Airport Runway Rehabilitation, Dams and Water Retaining Structures, Pipelines, Civil and Building Construction, Concrete Structures, Asphalt and Concrete Road Surfacing and most recently Claims Preparation and Defence.

Throughout Kevin's professional career he has managed various business units of one of the largest construction companies in South Africa, owned a Road Surfacing Company which was later sold to a listed company before moving into dispute resolution and claims consulting.

Kevin completed the Fellowship of Arbitrators Qualification and currently specialises in large scale Construction Claims and Dispute Resolution. Over the last 10 years Kevin has been involved as Mediator, Adjudicator, Arbitrator and expert witness on approximately 60 dispute matters. He is presently appointed on Dispute Adjudication Boards (DAB) in South Africa and Africa in numerous matters. Kevin is an admitted member of the FIDIC President's List of Adjudicators.

Kevin is considered an expert on the FIDIC suite of contract documentation as well as the other three forms of contract prescribed by the CIDB. He facilitates regularly on all the four types of contract documentation both locally and internationally. He is the only FIDIC Accredited Trainer in South Africa.
