

FIDIC Module 1

International Contracts Training Course “PRATICAL USE OF 1999 FIDIC CONDITIONS OF CONTRACT”

FIDIC (International Federation of Consulting Engineers), **ACES** (Association of Consulting Engineers of Serbia – the **National FIDIC Association in Serbia**) and **Mace** company are inviting you to a two-day **internationally-accredited training**:

“PRACTICAL USE OF 1999 FIDIC CONDITIONS OF CONTRACT – FIDIC MODULE 1”

The 1999 FIDIC Conditions of Contract are being increasingly used by the international Construction Industry throughout the World. In Europe they are used by the European Commission for all of their projects throughout Central and Eastern Europe. The Multi-Lateral Development Banks, including the World Bank, Islamic Bank for Development and the Asian Development Bank all have adopted the 1999 FIDIC Conditions of Contract for Construction with modifications.

This practical training course, provided by professional engineers with extensive international experience, explains and illustrates the use of the 1999 FIDIC Conditions of Contract.

Who should attend?

The training course provides the necessary knowledge for professionals as Government Ministries and Agencies, Private Sector Employers, Consulting Engineers, Contractors, Quantity Surveyors, Architects, Legal Advisers and all involved with the implementation and management of Works Contracts.

Goals:

This course provides a basic outline on the FIDIC conditions, their linguistic understanding, the relationship between the various clauses and fundamental principles, as well as an outline to the foundations of international ventures.

Training provided by professional engineers with extensive international experience, explains and illustrates the use of the FIDIC Conditions of Contract. The course is designed to help the participants have confidence in working with these documents whether representing Employers, Consultants or Contractors.

Ensure that your employees are prepared for working with these important documents, which are becoming the international contractual language of the 21st Century.
