“The Practical Use of the 1999 FIDIC Conditions of Contract (Construction/Design-Build)”

OVERVIEW

The training course is designed to provide practical guidance to those who are involved in managing or administration of projects where use of FIDIC forms of contracts is required. This course covers FIDIC contract management, claim management and dispute management in depth and also it covers all aspects of importance of Employer's and Contracting authorities.

It is suitable for all the Parties involved with a new FIDIC Contract – the Employer, the Project Manager, the Contractor, the Engineer, and the DAB Members. By having a good understanding of the FIDIC contract and claim management approach and the resulting responsibilities and rights of the Parties under a 1999 FIDIC Contracts, a more efficient management of the project may be achieved. The tutors of the course are a very experienced German engineer and a German engineer/adjudicator, who both have had extensive worldwide involvement with management of projects and related dispute resolution.

SEMINAR TUTOR:

The course is provided by Nestor Bildungsinstitut GmbH in collaboration with FIDIC and the Cyprus Association of Civil Engineers (CYACE). Nestor specializes in training and management in particular in the consultancy to international construction and infrastructure industries. The Nestor tutors have provided over 100 training courses worldwide in the last 2 years on the use of FIDIC documents.

Tutors: Dipl.-Ing., Dipl.-Wirt. Ing. **Axel-V. Jaeger** (Consulting Engineer, former past chairman of the FIDIC Contracts Committee) and
Dipl.-Ing. **Robert Werth** (FIDIC accredited international Trainer and Adjudicator; President's List)
