PROGRAMME

SNAPSHOT

MODULE 1

Contract Management under the FIDIC Conditions of Contract

This course gives an introduction to the FIDIC Red Book, Yellow Book, and Silver Book. Its main focus lays on the explanation of all FIDIC procedures with regard to Time for Completion, Testing, Taking-Over, Payments and Claims. A further core aspect is to explain the legal wording against its background for further use in civil law jurisdictions.

MODULE 5

FIDIC Subcontract

This course gives an introduction to the FIDIC Subcontract, which is fit for use with the FIDIC Red Book and the FIDIC MDB harmonised version. Its main focus lays on the proper use of the FIDIC Subcontract including a discussion of claims and disputes under the FIDIC Subcontract.

MODULE 2

Contract Claims and Disputes

This course goes through the claims´ procedures and claims including the change clause. It covers CPM issues, delay analysis, causation issues and quantum problems. Contractor´ s views and Engineer´ s views will be discussed. Finally the course will show how a DAB works and explain typical situations in dispute preparation and resolution.

MODULE 3

Dispute Adjudication

This course will give a sophisticated view on Dispute Resolution practise under FIDIC Contracts. The course intends to explain dispute avoidance practises and problems as well as the appointment of DABs, preparation of referrals, conduct of hearings and decision making.

Particular information for registration and the content of each course will be available on

www.fidic-for-practitioners.com

Particular Experience

FIDIC Nestor trainings are based on the particular experience of its trainers being involved in projects throughout the world. Their deep experience in all type of projects based on FIDIC Books (Red Book, Yellow Book, Silver Book, Gold Book, Subcontract) enables the trainers to focus on the real problems. The trainers have acted and act as Engineers, counsels for both employers and contractors, as well as conciliators, mediators, adjudicators and arbitrators.

Tested Course materials

Nestor trainers have published various articles and books dealing with practical issues under FIDIC contracts. The training materials have been tested and used with great success in Africa, Asia and Europe. The trainers have been involved in the updating of the FIDIC books and also in the translation of FIDIC books in French and German. In 2010 Axel Jaeger and Sebastian Hök have published the book headed FIDIC for Practitioners.

Adjudicator´s assessment

The Nestor team has also established a FIDIC course system in Germany, which leads to an adjudicator´s assessment for the German adjudicator´s list held by the German Association of Consulting Engineers VBI with the kind permission of FIDIC. Over the past five years the Nestor team has successfully trained all German speaking adjudicators having been listed on the German list. This training and assessment concept has been adopted by JICA and used for the intial adjudicator assessment in Japan, Philippines, Indonesia, Sri Lanka and Vietnam.

FIDIC License

Nestor trainers are FIDIC accredited. Nestor courses and seminars are authorized by FIDIC. Participants will have the benefit of direct access to FIDIC knowledge and FIDIC accredited and licensed trainers. All attendees will be provided with a Certificate of Attendance.

Project and Contract Management

under 1999 FIDIC Conditions of Contract (Construction/Design-Build), Claims & Disputes

OVERVIEW

The training courses are designed to provide practical guidance to those who are involved in managing or administration of projects where use of FIDIC forms of contracts is required. The courses cover all management disciplines and procedures in the Pre-Contract phase of the project including the FIDIC Client Consultant Service Agreement and selection of the appropriate FIDIC form of contract. The courses also cover the post Contract award phase including all contract management disciplines and claim management issues.

By having a good understanding of the FIDIC risk allocation policy and the resulting responsibilities and rights of the Parties under a 1999 FIDIC Contracts, a more efficient management of the project may be achieved. The tutors of the course are a very experienced German engineer and a German lawyer, who both have had extensive worldwide involvement with management of projects and related dispute resolution.

SEMINAR TUTOR

The tutors are provided by Nestor Bildungsinstitut GmbH in collaboration with FIDIC. Nestor specializes in training and management for practitioners. The Nestor tutors being FIDIC accredited have provided over 160 training courses worldwide in the last 5 years on the use of FIDIC documents.

Tutors: Dipl.-Ing., Dipl.-Wirt-Ing. Axel-Volkmar Jaeger (past Chairman FIDIC Contracts Committee and past member of the FIDIC Executive Committee, Special Senior Advisor FIDIC Contracts Committee), Dr. Götz-Sebastian Hök (Lawyer, Arbitrator and FIDIC listed Adjudicator) and Siobhan Fahey (Conciliator, Arbitrator, Civil Engineer). Dipl.-Ing. Roberth Werth assists as a junior trainer.

COURSE MATERIALS

As the case may be, all delegates will be provided the following materials, in English:

- FIDIC Conditions of Contract for Construction
- FIDIC Conditions of Contract for Plant and Design-Build
- FIDIC EPC Turnkey Projects
- FIDIC Subcontract
- Course notes, especially written for using “Construction Contracts”
- Set of powerpoint slides used during the seminar – to be used as a work book & Work Exercises

WHO SHOULD ATTEND?

The seminar provides the essential knowledge for professionals from Government Ministries, Departments and Agencies, Private Sector Employers, Consulting Engineers, Contractors, Sub-Contractors, Quantity Surveyors, Architects, Legal Advisers and all involved with the new generation of International Projects. It is particularly important where FIDIC management procedures shall be implemented.
